O R D E R

On April 4, 1989, Kentucky Utilities Company ("KU") filed a motion with the Commission seeking to extend the briefing schedule to allow it to file its brief on or before April 20, 1989 and to allow Green River Steel Corporation ("Green River Steel") 10 days thereafter to file its reply brief. As grounds for its motion, KU cites the unexpected length of hearings in another proceeding currently before the Commission. Green River Steel has objected to the motion contending that continued delay may potentially prejudice it.

The Commission, having reviewed the motion and Green River Steel's objection, is of the opinion that the briefing schedule should be extended to allow KU an additional 7 days in which to file its brief, and to allow Green River Steel 10 days thereafter to file its reply brief. The Commission further finds that KU should ensure that its brief is received by the Commission and Green River Steel no later than April 17, 1989.

BE IT SO ORDERED.
